CHEERFUL WORDS

For Many a Norwich Household.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove helpful to hundreds of Norwich readers.

Mrs. C. E. Fowler, 551 East Main Street, Norwich, says: "I am very seldom without Doan's Kidney Pills in the house, which I buy at The Lee & Osgood Co. I have attacks of back-ache, which come on from a cold. Sometimes overwork brings on dull pains across my kidneys. I don't use Doan's Kidney Pills continually, but only when my back aches and feels weak and then I have never failed to get relief. I have always heard Doan's Kidney Pills well spoken of and I recommend them highly in view of my own experience with them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mrs. Fowler had. Foster-McBarn, Props., Buffalo, N. Y.

Cear Skin Comes From Within. It is foolish to think you can get a good complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's New Life Pills. Gentle and mild action, do not gripe, yet they relieve a bad action of the bowels. Good for the young, adults and aged. Go after clear complexion, today. 25c, at your druggist.

SPECIAL SALE OF Garden Hose

Last year we did not have enough of Lawn Mowers nor Garden Hose. For this season we doubled our order on each and still could have sold more Lawn Mowers, but the rainy weather has made less demand than usual for Garden Hose. For this reason we are offering Garden Hose at prices which should clean us out.

Fruit is Largely Water.
For those who in the summer fruit season like to know what they are eating it may be of interest to learn that you "eat" very little, for fruit is practically nothing but a lot of water and a little sugar.

Strawberries, for example, are 90 per cent. water and between 8 and 16 per cent. sugar. The small balance is accounted for by a little protein and acid. But strawberries are antiseptic—a valuable quality—and are deservedly favorites.

Of acid, but only a sixth of the quantity. Prunes (dried) have 26 parts of water, 66 of sugar, no acid and some protein. Their seculence is apparent. But for value as food the apple easily comes first.

Now, when you eat fruit you know that water, sugar and acid are what you are really eating.—Answers, London.

ECHOES FROM THE LODGE ROOMS

White Cross Council Elects Officers, J. A. Desmond Being Chosen Grand Knight—Odd Fellows Work Degrees—Grand Army Matters.

GRAND KNIGHT J. A. DESMOND

Friday night's meeting of White Cross council, No. 13, K. of C., marked the beginning of the season's activities for that organization. The important business of the session was the annual election of officers. The following is the board of officers elected for the ensuing year and which will be regularly inducted into office at a meeting later in the month:

Grand Knight, J. A. Desmond; deputy Grand Knight, John H. Carney; chancellor, John E. Heurion; recorder, John M. Lee; financial secretary, Patrick Sullivan; treasurer, Dr. T. A. Brown; and advocate, J. C. Elmer; grand master, M. J. Curran; inside guard, John Drew; outside guard, William J. Harrington; trustee for three years, William E. McGarry.

In addition to the foregoing list of officers, a lecturer and chaplain will be appointed by the grand knight-elect, thereby completing the board of officers.

The meeting was very enthusiastic and the membership is looking forward to a very active year under the new board of officers. Several applicants were elected to membership, and it was voted to hold a special meeting Friday evening, Sept. 8th, for the purpose of exemplifying the first degree on a large class of candidates.

GRAND ARMY.
Pennsylvania has passed New York in the number of members in the Grand Army of the Republic, reports made at the annual business session of the order Thursday, in Kansas City, show that Pennsylvania's veterans total 15,890 while New York is second with 15,576. Ohio ranks third with 15,045. The total membership was shown by the reports at 148,674. The loss in

on three candidates. Palmyra encampment at its last meeting raised three candidates to the second degree in regular form.

At the close of the regular meeting of Pequot lodge, No. 88, I. O. O. F., of New London, Friday evening, Thames lodge of Montville held a special session in the Odd Fellows hall at which the initiatory mysteries were explained for the benefit of two candidates. Some months ago Thames lodge lost all of its property when its quarters were burned out, and its facilities for conferring the degrees have since been far from satisfactory, hence the arrangement to accept the hospitality of Pequot lodge and instruct the candidates in New London.

MOOSE.
The matter of the deepening of the charter of Norwich lodge has been thoroughly discussed and the decision is against that proposition. Improvements at the Moose Home are now under consideration and will come up at the next meeting. Many Norwich Moose have been at the Willimantic carnival this week.

OWLS.
Norwich nest, No. 1968, had its regular meeting on Tuesday night in Owls' hall. President Edward Cook was in the chair and the regular order of business was transacted. The Owls anticipate a busy fall and their summer quiescence means saving up their energy for the coming months.

BRITISH SEIZE 100 VESSELS OF DUTCH FISHING FLEET

Which Has Been Provisioning Germany With Fish From Holland

The Hague, Netherlands, Sept. 1.—Great Britain, which has been regarding with growing displeasure the provisioning of Germany with fish from Holland, has now brought the matter to a head by seizure of some 100 vessels of the Dutch fishing fleet and they are now lying under arrest in the Scotch ports of Peterhead, Aberdeen, Lerwick and Kirkwall. Unless an arrangement is reached, they are apparently to be taken before the British Prize Court on the ground that their catches are contraband because the final destination thereof is Germany.

Even before the war Germany was the best cod fish in recent years has amounted to about 110,000 tons a year, representing a value of between \$8,000,000 and \$12,000,000. Partly as a result of less competition from the fishing grounds of the North Sea and consequent bigger catches and doubtless partly owing to the highly remunerative prices obtainable, there was an enormous increase in the exports last year, 185,000 tons of fresh sea-fish and salted and smoked herring alone being sent out of the country. Germany's share of the exports of fresh sea-fish and salted herring was no less than 144,900 tons, as against only \$3,700 in 1914 and \$5,300 in 1915. Sales to other countries fell off proportionately.

America, for instance, at ordinary times draws a certain amount of herring from Holland, the total of 15,400 tons dispatched thither in 1915 fell to 1,500 tons last year, and now the herring export to the United States seems to have entirely stopped. The total for the first six months of the current year being only eight tons. Such figures make clear what a hindrance the Dutch fishing industry has constituted to the Allies' blockade of Central Powers, and sufficiently explain their anxiety to bring about a change in this state of affairs, particularly if it be remembered that, while British fishing trawlers have been sent to the bottom of the sea by German submarines, these Dutch craft have been able to elude the blockade for the German markets right under the noses of British naval guns.

Windsor.—A farewell reception for Rev. John J. Fitzgerald, who left on Wednesday to start a new parish in New Britain, was given Tuesday evening by the parish of St. Joseph's church, Foggonock, and St. Gabriel's church, Windsor. The people of the Foggonock parish gave Rev. Father Fitzgerald a purse of \$175 in gold. The presentation being made by John Connor, Jr., a student at Thomas' seminary, Hartford.
